Company Introduction

Rhinoceros Manufacturing (Zhongshan) Ltd.

Rhinoceros Manufacturing (Zhongshan) Ltd., established in 1991, is a leading manufacturer of high-quality manual gardening tools with over 34 years of experience. With three main factories in China covering 80,000 sq.m., and a newly added 84,000 sq.m. facility in Thailand, we provide strong manufacturing capacity and a stable international supply chain. Our vertically integrated operations include metal working, heat treatment, welding, stamping, powder coating, woodworking, plastic injection, and semi-automated assembly, supported by advanced logistics and a large warehouse system.

Specializing in OEM and ODM, we combine innovation, functionality, and durability. From in-house design and 3D prototyping to mass production, our team ensures high efficiency, strict quality control, and timely delivery. This OEM/ODM capability has made us a long-term partner to leading names in the global garden tool industry.

Alongside custom manufacturing, Rhinoceros also nurtures its own brand—CYRUS. Cyrus offers premium tools made from the finest materials, designed to meet the daily needs of gardeners. Our vision is to build CYRUS into a trusted name in China, delivering reliable quality and innovative design to gardening enthusiasts.
